

LDR SURVEYS PVT LTD., **LADDER SURVEY INSTITUTE OF** **TECHNOLOGY**

TOPOMAPPING AND ENGINEERING SURVEYING

AN ISO 9001:2015 CERTIFIED INSTITUTE

125, Vasantha street first floor, Golden George Nagar, Nerkundram, Chennai - 600107

Branches Offices: TIRUAPTI, SELAM,VELLORE

Cell: +91 9940143131, +91 9840281288

E-Mail: info.lsittpt@gmail.com WEB SITE: www.landsurveytraining.com

About our company

We are glad to introduce LDR SURVEYS PVT LTD initially LADDER LAND SURVEYS the Revolutionist in Survey field. We made the renaissance in survey field through the Advanced Technologies instead of using the tapes and other old methods. There are very few Surveyors who are using the Advanced Technologies in India. We proudly say that LDR SURVEYS PVY LTD is one of that and we are one of the Top Surveyor in the World.

When we started the business it was not easy for us to convince the Clients and people to create the awareness about the "TOTAL STATION" (Laser Instrument).

After more hurdles we had *unveiled* LDR SURVEYS PVT LTD (LLS) Office in Chennai in the year of 2006, on Jan 3rd, we are just 16 years old with strong pillars and bonded family members which is our major stength.

Just we are looking back on every one of our employee sweat path, we do not believe that how the Government of Tamilnadu, Government of Andhra Pradesh even Government of India and topmost Private Client lifted us up in a Short Duration. There is no wonder that we are passionate in our profession.

But invisible ambition of LADDER Group is to start a separate institute for survey with all Advanced Survey equipments. Especially, we wanted to train the students through the TOTAL STATION advanced instrument. Mean while, we are very much in particular to start the institute with least fee structure.

In a very short period, we had started a separate institute for Surveying, which is called as “Ladder Survey Institute of Technology (LSIT)”. The institute, which is running successfully more than 7000 students without any profit motive. We never confuse ourselves with LDR SURVEYS PVT LTD (LLS) and Ladder Survey Institute of Technology (LSIT). Right now, the institute has been started their operations in Tirupati, Chennai, Vellore & Salem.

Ladder Survey Institute Of Technology

We introduce ourselves as an upcoming Survey & mapping training institute, successfully accomplished training lakhs of students across India. Our motto is to provide high quality, cost effective land survey training to our society through students. Our surveying capabilities are wide ranging and include:-

- Highway Surveys,
 - Topographical surveys,
 - Near shore hydrographical surveys,
 - Cadastral surveys,
 - Setting out Surveys,
 - DGPS Control works,
 - Pipe line route mapping,
 - Surveys for elevated Metrorail,
-
- GIS Data collection,
 - Updating of maps,
 - Irrigation and Command area Contouring, etc.

We have procured state of art equipments and facilities such as DGPS, TOTAL STATIONS, Large format plotters and scanners and allied instruments in sufficient quantity to expertise the land survey training on all scale. Our most important assets are our Trainers. The well motivated professional trainers has exposure to all kinds of survey works like topographical, hydrographical, cadastral, and engineering surveys. They are backed up by more than 20 experienced civil and software engineering graduates.

Mission & Vision Statement

- The Ladder Survey Institute of technology Promotes advance Civil Engineering Knowledge, in creation.
 - Maintaining high ethical, Practical, Multicultural and Global Standards.
- To be recognized as a world-class Practical learning institute for Engineering.
 - Providing the high-quality academics that foster student development and connect knowledge, practice.

We here with request you to go through the course details designed for your college in brief as follows.

1. TOTAL STATION TRAINING COURSES:
2. SOFT SKILLS
3. PRESSURE MANEGEMENTS

• TOTAL STATION TRAINING COURSES:

1. Land Surveys:

Advanced Technology Total Station Sokkia – 530RX (Reflector less) Our strength – A team of surveyors and trainers with rich practical experience and a passion to train the students in land surveying using advanced technology.

2. Drafting:

Basics in Land Surveying cad “ Auto Cad” Software training & Presentation of drawings.

3. Client Handling - Questions from client’s view & Solutions.

4. This course study involves more of practical training.

- **SOFT SKILLS:**
 1. Body languages/ attitudes
- **PRESSURE MANEGEMENT:**
 1. Making the management understand the project
 2. Educating the client on the projects
 3. Handling the assistants in a productive way
 4. How to successfully complete the project
- **Terms & Conditions:**
 - We would require a minimum of 60 students to take part in this training program
 - We would be using your institution's computer Lab, class room & ground for training purpose
 - We would be giving five to six hours of training every day
 - The duration of the course would be 4 days
 - The charges per student would be Rs.3000 (Three thousands only) subjected to negotiations.
 - Taxes as applicable.
 - Food and accommodation shall be provided by the college for the trainers.
 - We require 40% of the total fee to be paid in advance before the classes commences the rest fee can be paid before the course ends
 - We train the students with Sokkia Total Station 530RX which we will bring
 - We also train the students with the Total Station Instrument if any provided by the college
 - We also teach uploading and downloading the coordinates from the total station instruments
 - Students' attendance should be taken care by the institution,
 - Student failing to attend a minimum of 90% of the training hours will not be eligible for the certificate.

Some Of Our Regular Esteemed Colleges:

- KL University, Vaddeswaram, Vijayawada, A.P. **four years, five batches average of 180 students per batch**
- AudiShankara Group Of Colleges, Gudur, A.P. **four years batches 75 and 122 students**
- Government Polytechnic college, Gudur., A.P. **65 students**
- Sreenivasa Institute Of Technology and Management, Chittoor., A.P. **60 students**
- Siddhartha Group Of Engineering Institutions,Puthoor Dist., A.P. **180 students**
- Mother Theresa Institute Of Engineering And Technology, Chittoor Dist., A.P. **60 Students**
- A V S College of Engineering and Technology, Venkatachalam, A.P. **60 students**
- R S R Engineering College, Kaveli, A.P. **100 students**
- Ramachandra College Of Engineering, Eluru, A.P. **67 students**
- Sri Venkateshwara Engineering College, Nellore, A.P. **120 students, three years**
- Geetanjali Engineering college, Nellore, A.P. **two years**
- DBS Engineering College, Kaveli, A.P.
- PVP Siddhartha Engineering College, Vijayawada, A.P.
- Sri Vasavi Institute Of Engineering And Technology, Machillipattnam, A.P.
-
- M.Kumaraswamy Engineering College, Karur, T.N. **71students consecutive five years**
- Kammavar Sangam Engineering College, Theni, T.N. **60students**
- Abdul Akeem College of Engineering College, Vellore,T.N. **55students consecutive three years**
- Arulmurugan college of Engineering, Karur, T.N. **125 students per batch two years completed**
- AVS College of Engineering, Salem,T.N.
- Sethu Institute of Technology, Madurai. T.N. **four years**
- Tamil Nadu College of Engineering, T.N. Coimbaturre.
- SNS College of Engineering, T.N. Coimbaturre.
- Sri Bharathi Velu Polytechnic College ,Vellore, T.N. **60students consecutive two years**
- DMI College OF Engineering, Chennai, T.N. **70students four years compleated**
- Bharath Polytechnic College, Tiruchengode, T.N. **60 students three years**
- K.Ramakrishnan College Of Technology, Samayapuram, T.N. **120 students four years completed**
- Jei Mathajee Engineering College, Kanchipuram, T.N. **75 students two years completed**
- Jayamatha Engineering college, Muppanthal, Nagarkoil, T.N. **45 students**
- Universal College of Engineering & Technology, Vallioor, T.N. **45 students four years completed**
- ES Engineering college, Villupuram, T.N. **116 students**
- Vignesh Polytechnic, Tiruvannamalai, T.N. **72students**
- SKP Engineering college, Tiruvannamalai, T.N. **44 students two years completed**
- Arunachala College of Engineering For Women, Kanyakumari, T.N. **60 students**
- Bethlahem Institute Of Engineering , Kanyakumari, T.N. **117 students, four years completed**
- D M I Engineering College Kanyakumari, T.N. **60 students three years completed**

- Loyola Institute Of Technology and Science, Kanyakumari district, T.N. 135 students, 3 years
- Adiparasakthi Engineering College, Kalavai, T.N. two years
- Anand Institute Of Technology, Chennai
- St.Joseph Engineering College, Chennai
- PA Engineering College, Pollachi two years

Some Of The Esteemed Projects Done By Us.

Tamil Nadu:

- Government of Tamilnadu (New Secretariat Project),
- Reliance,
- Aavin Milk Factory
- Thyagaraja Engineering College
- MGR & ANNA Memorial Near Beach
- Government Hospital Chennai, Yarkadu, Etc.,
- Present Logistics Assembly Tamil Nadu,
- Madras City properties Pvt Ltd,
- VIP City Makers Whole Tamil Nadu,
- Evocan Housing Pvt Ltd
- Kilpauk Medical College KMC.
- ECCI Projects,
- Jemi Housing p ltd,
- Jain Housing p ltd,
- Marg Contraction Limited,
- Central Government Institution Projects,
- Syntel International,
- Central Jail In Chennai,
- BNB Constructions
- NHAI
- L & T Infra
- Kobelco
- L & T Nextra
- And counting...

Andhra Pradesh

- TTD SVIMS Hospital,
- TTD Thiruchanoor Temples,
- TTD Kapilthirtham, Tirupati.
- Tiruapti Seethammathalli project,

- TTD Tholappa garden Kalyanamandapam,
- Tirupati Municipal Co Operation Canal,
- Kapiltheertham other Road area,
- S.V. Planners Projects,
- Krishnapatnam Port
- Sri City TADA
- Sopan & Co.
- Chennai Constructions Kadapa
- And Counting ...

Corporate Training

- Gulf Rayan
- BNB Constructions
- Sathyam Cinemas
- Arifa Constructions
- Kavia Constructions
- Surya Constructions
- Sreenivasa Constructions
- Tarun Constructions
- And Counting...

Looking forward to have an everlasting relationship by Serving you
